

Selection Policy for 2021 World Triathlon Para Championships Milan (8th May 2021)

OVERVIEW

This Selection Policy (“the Policy”) outlines the process by which the British Triathlon Federation (“BTF”) will determine its individual selections for 2021 World Triathlon Para Championships Milan.

This Policy has been structured to support BTF’s Paralympic World Class Performance Programme’s (“WCPP”) vision of delivering world class success and inspiring the nation. Specifically, this means that all selection policies for BTF Paralympic international competitions intend to:

- support the qualification of quota slots for Great Britain, and preparation for the Paralympic Games;
- select the right athletes, to the right race, at the right time; AND
- provide competition opportunities appropriate to an athlete’s stage of development.

This event will offer the opportunity for athletes in all categories the chance to race for a World title in their category. British Triathlon commit to supporting all athletes who meet the qualification and selection criteria.

SECTION 1: ELIGIBILITY

To be considered for nomination to World Triathlon for the 2021 World Triathlon Para Championships Milan, athletes must:

- a. Be a member in good standing of a Home Nation Triathlon Association which is a member of the BTF and eligible to represent Great Britain in international championships under the rules of World Triathlon;
- b. Request nomination for entry into the relevant race via email to paratriathlon@britishtriathlon.org as per the relevant Nomination Deadline outlined below;
- c. Have undergone the required World Triathlon pre-participation examination and submit the BTF fit-to-compete form to paratriathlon@britishtriathlon.org by the relevant Nomination Deadline outlined below; AND
- d. Not be serving a period of ineligibility as a result of an anti-doping rule violation.

Race (race date)	Nomination Deadline
8 th May 2021	28 th March 2021

SECTION 2: SELECTION PROCESS

2.1 Athletes will be selected for nomination to World Triathlon following the selection meeting on 29th March 2021 and no fewer than 33 days prior to 2021 World Triathlon Para Championships Milan.

2.2 The Selection Panel (“the Panel”) for the 2021 World Triathlon Para Championships Milan will convene for the selection meeting and shall comprise:

- a. Voting members;
 - i. BTF Performance Director - Mike Cavendish;
 - ii. BTF Paralympic Head Coach - Jonathon Riall; AND
 - iii. BTF Paralympic Talent Manager - Alasdair Donaldson.
- b. Non-voting members:
 - i. Note taker(s) if/as required.

2.3 BTF is allocated a maximum of 2 quota places per category per gender for the 2021 World Triathlon World Championships. Using the process outlined in paragraph 2.5 below, the Panel will select which athletes to nominate to World Triathlon. If the event is NOT full, all those athletes nominated to World Triathlon (regardless of the number nominated per country) will be offered a place on the start-list. If the event is full, the maximum 2 quota places will be observed and athletes will be granted places on the start-list in the order in which they appear on the World Triathlon World Rankings (with no guarantee that all British athletes will be granted a place). In the case that not ALL nominated athletes secure a place on the start lists the process noted in 2.5, below, will dictate which athletes are then confirmed on the start list by BTF. Any subsequent athlete withdrawals will then be replaced by World Triathlon using a roll down process (based on the World Rankings).

2.4 At the Panel’s absolute discretion, they may choose to nominate athletes to World Triathlon for the World Triathlon Para Championships, who have not nominated themselves, in order to secure a place on the start-list for a lower ranked athlete (pursuant to the substitution process outlined at paragraph 3.1 to 3.3 below).

2.5 World Triathlon nomination process

- a. Eligible athletes will be **automatically nominated** to World Triathlon for the 2021 World Triathlon World Championships if they satisfy any of the following and demonstrate current health/fitness, at the point of nomination:
 - i. 2019 ITU World Triathlon Grand Final Lausanne Medallist; OR
 - ii. 2019 Tokyo ITU Paratriathlon World Cup Medallist.
- b. The panel will, **at their discretion**, nominate additional athletes to World Triathlon in the following order (where they demonstrate current health/fitness, at the point of nomination):
 - i. Those who demonstrated the ability to be competitive at the 2021 World Championships via a performance at a 2019 or 2020 World Series Race; then
 - ii. Those who have a rising WITTW¹ profile and have demonstrated the *potential* to be competitive at World Championship level via any other race (international or domestic).

¹ Athletes seeking selection who do not have a copy of the WITTW numbers may access them by contacting: paratriathlon@britishtriathlon.org

2.6 Supporting the Qualification of PTVI athletes for the 2022 Commonwealth Games

2022 offers Paratriathlon its second inclusion into the Commonwealth Games programme, but only for the PTVI category. We believe that the opportunity offered to the development of the sport as a whole in Great Britain justifies a selection approach which ensures we can

maximise the exposure the Games offers as we seek to continue its growth. This also caters for the way in which World Triathlon event qualification works as athletes from all three home nations seek to qualify through GBR slots.

- a. Where there are still quota places available at the conclusion of 2.5 the Panel will nominate athletes to World Triathlon in the PTVI category who have the potential to qualify a slot for their respective Home Nations at the Birmingham 2022 Commonwealth Games.

SECTION 3: SUBSTITUTIONS, INVITATIONS & CONDITIONS

Substitutions

- 3.1 Once World Triathlon has created the start-list for the World Triathlon Para Championships, each National Federation may replace one athlete per gender using the World Triathlon substitution procedure.
- 3.2 The Panel will consider substituting athletes out of a race under the following circumstances:
 - a. An athlete who does not wish to compete but is entered, pursuant to paragraph 2.4 above, for the sole purpose of being substituted; OR
 - b. An athlete on the start list is deemed to be performing to a lower performance level than another athlete in the same category who is currently lower on the World Triathlon World rankings and has not secured an automatic start in their own right; OR
 - c. An athlete on the start-list who is unable to compete due to illness or injury
- 3.3 The Panel will consider substituting athletes into a race should they satisfy the criteria noted in 2.5(b) and they are deemed to be performing at a high enough level to replace the athlete who has secured the position on the start list.

As only one substitution is allowed per gender (and must be between athletes in the same category) the selection panel will create an order at the time of selection to determine which athletes will have priority for substitution. The substitutions will then be made in line with the World Triathlon policy once initial start lists have been produced.

Invitations

- 3.4 In creating the start-list for a race, if, based on the event entries World Triathlon determines that race will be full, they will hold back 10 places for potential athlete invitations across all categories and both genders who have not gained a place on the start-list due to a low/non-existent world ranking.
- 3.5 At their sole discretion, the Panel will determine whether to request such an invitation but will only do so if they believe that the athletes(s) are capable of delivering the level of performance required to be competitive at the World Triathlon World Championships.

Conditions

- 3.6 Nomination for the World Triathlon World Championships is conditional on the following:

- a. Athletes must complete any BTF pre-travel medical questionnaire (if required, at the discretion of the CMO, in addition to the World Triathlon fit-to-compete questionnaire). Athletes must also agree (by signing in advance of travel the EIS Data Processing Consent Form) to their personal and medical details being stored on the EIS Performance Data Management System (PDMS) and shared - where appropriate - with the relevant medical/coaching/management staff; World Triathlon World Championships start positions are limited and ranking points earned are crucial to Great Britain earning quota places at the Paralympic Games. If an athlete is not 100% ready to compete due to injury or illness, they should inform the Head Coach immediately so that a decision may be taken on whether they should be replaced by another British athlete or a whether medical withdrawal is required;
- b. An athlete who elects to withdraw from the World Triathlon Para Championships after they have expressed their interest to be considered for nomination, but before the World Triathlon closing date, must inform paratriathlon@britishtriathlon.org immediately so that a replacement athlete may be nominated;
- c. Athletes must be aware of, and compliant with, World Triathlon rules, including those relating to race uniforms, no-shows and late withdrawals;
- d. Withdrawals within 30 days of the World Triathlon closing date may deny other GB athletes an opportunity to compete and could result in BTF losing quota spots for future World Triathlon events. If an athlete withdraws after the closing date set by World Triathlon, when their reason for withdrawal is not medical or circumstances beyond reasonable control, they will be referred to a BTF disciplinary process. This may result in the athlete being withdrawn from current start-lists and/or not entered in future World Triathlon races for a period to be determined by BTF. Medical withdrawals will need to be endorsed by a BTF Medical Officer as approved by the Performance Director; AND
- e. BTF is given a limited number of 'athlete reprieves' per year. These may be used when an athlete withdraws from the event after 13:00 BST on the Monday prior to the event. This would normally result in the athlete being removed from all World Triathlon events for the next 30 days. The use of this quota will be at the discretion of the Panel, and BTF is under no obligation to allow an athlete to be reinstated even if the full quota has not been used up.

SECTION 4: APPEALS

- 4.1 Athletes may appeal their non-nomination (but not substitution or non-substitution) under this Selection Policy, but only after provision of written confirmation of the relevant decision and only according to the procedure laid out in the "BTF Appeals Policy" which can be found on the BTF website. Athletes wishing to seek advice regarding the appeals process (including the validity of any procedure itself) are advised to contact the British Athletes Commission (BAC) at www.britishathletes.org.

SECTION 5: AMENDMENT

- 5.1 In the event that any unforeseen circumstance makes any provision of this Policy unworkable or ineffective to promote the aims of the Policy, the BTF will be entitled to amend this Policy so that the aims can be secured. Any amended version will be made available at www.britishtriathlon.org.
