Membership No: E1234567

Qualification Level 3

Expires: 31/01/2019

Personal & Address Details +

Coach Finder* +

*Only coaches with valid Ultimate Coach Membership will have the option to appear

Completing Your Profile

Please ensure that you tick the first three boxes within your profile to confirm:

- ✓ You have completed the free online UK Anti-Doping (UKAD) Advisor Course
- ✓ Have read and agreed to abide by the British Triathlon Coaches Code of Conduct
- ✓ You are not providing 1-2-1 coaching to anyone under the age of 14

Completing Your Profile

Contact Details

This will appear on your profile on the search listings. Please ensure that it is accurate and the one that you want athletes to be able to contact you on. Getting it right first time will save you a lot of time and avoid frustration of athletes who cannot contact you! It is your responsibility to ensure that it is correct. British Triathlon will not cross reference contact details with our internal database.

Address

Your postal address will not appear on the outward facing website, it will just show your region and town. A postcode is required to enable users to search for coaches near them, however this will not pinpoint your exact location, just the postcode area.

Completing Your Profile

Biography

This is where you will provide details of the coaching you have to offer. Don't speak about yourself in the third person, it is far more personable if you write as though it's yourself! A short biography on your coaching history, who you coach novice, experienced, distances covered etc. A link to your website (if you have one) will be the best place to have all detailed information including pricing, direct them to it! Please be aware that the biography is limited to 1000 characters so keep it short and succinct! (for example this paragraph is 1076 characters!). For ideas and examples, check out our official software training provider, **TrainingPeaks** Coach Finder here

<https://www.trainingpeaks.com/find-a-coach.html>

Completed biographies will need to be approved by the Coach Development Team once submitted, before it will go live. The purpose of this approval stage is to ensure the language used is appropriate, and a full spelling, punctuation and grammar review will be conducted. You are welcome to change your profile at any time, however please note that changes made to your biography will need to be re-approved. All other changes are fine e.g. social media links.

Completing Your Profile

Social

Here you can link any social media accounts such as your website, coaching Facebook account and Twitter.

Other

Simple dropdown boxes that are self-explanatory. You have the option to include a photo on your profile. This is advised to maximise interest from prospective athletes - they like to put a face to a name!

Services

This is relatively self-explanatory. You tick the boxes that relate to what you are able to offer as a coach. All services selected will appear in the Find a Coach page and your profile will appear should it relate to a service that an athlete is looking for. Please do only tick the ones that are relevant to you.

Completing Your Profile

Specialities (Race Distances)

Here you can select the distances that you are offering as a coach. Some coaches only prefer to coach a certain distance and some coaches are more inclusive. Select which represents you.

Coach Profile Listing Rotation

In order to offer a fair approach to our search function, coaches' profiles will be rotated and randomised on a regular basis so listings will not be alphabetically listed.

If you have any queries when completing your profile, these should be directed to coaching@britishtriathlon.org and we will endeavour to respond to you promptly.
