**Our lawyers will provide you with a high quality legal service with potentially substantial financial benefits:**

- You will keep all of your compensation provided the incident occurred within the UK
- You will not be asked to purchase an insurance policy to indemnify you against a Defendant's legal costs in the event of an unsuccessful claim.
- You will not be asked to personally fund any legal disbursements.

**Examples of where assistance will be provided include:**

- Injury or damage arising from a road traffic accident whilst cycling or running on the public highway.
- Injury or damage caused by a highway defect whilst running or cycling on the public highway.

Where a member is involved in an incident occurring outside Great Britain, Northern Ireland, the Isle of Man or the Channel Islands, assistance under the terms of the Scheme is not available. However, our specialist solicitors will provide free initial advice. See the Incidents Abroad paragraph on page 3 for more information.

**Time Limits**

In order to enjoy the benefit of the British Triathlon Legal Claims Service, an incident must be reported to the [British Triathlon Insurance Centre](#) within 12 months. However, British Triathlon strongly recommends that members report any incident immediately so that our solicitors can take steps to assist as quickly as possible. The sooner the matter is reported, the sooner it can be dealt with, particularly if witnesses need to be traced and interviewed.

As a general point, the statutory time limit for bringing a claim for damages for personal injuries in England & Wales is 3 years from the date of the accident. For cases involving property damage only, the limit is 6 years. If the member is under the age of 18 then the time limit is extended to 3 years from the date of the member's 18<sup>th</sup> birthday. However, it is very important to progress the claim through the member's parent or legal guardian as quickly as possible.

Different time limits may apply where the incident took place outside England & Wales.

## **Scotland**

Members of **triathlonscotland** can access a free legal consultation in the event of an incident through their legal service. Please contact **triathlonscotland** directly.

## **Isle of Man & Channel Islands**

However, this cannot be guaranteed where an incident takes place on the Isle of Man or one of the Channel Islands. In these situations, British Triathlon's liability under this scheme is limited to £5,000 towards any shortfall in the costs recovered from a responsible party. This should be sufficient in most cases to ensure that there is no or minimal deduction from the damages received. Further advice will be provided where applicable.

Although accident outside the UK, Isle of Man and the Channel Islands are not covered under this scheme, we appreciate that members do travel abroad for training purposes.
