Benefits
Affiliated Clubs
A part of the family

Affiliated clubs are a core and essential part of the swim, bike, run family.

Clubs provide a safe and welcoming environment for many people to take their first steps into the sport and a place for many thousands of others to develop their skills.

Beyond that, our clubs provide a social network for many people, one which we know has been vitally important over the past few years.

Clubs are also a part of the story that leads to the great international success that we all enjoy together.

We want to support our family of clubs by providing a range of benefits to you. This includes insurance for your club activities but lots more besides. The next few slides outline some of the benefits provided to affiliated clubs.

Beyond Swim is the brainchild of Triathlon England and supported by Swim England and Royal Life Saving Society (RLSS UK).

Its mission is to bring the open water swimming network together and provide leadership for the community so that both venues and swimmers feel connected and supported. Beyond Swim wants open water swimmers to have the best possible experience.

**Beyond Swim accredits venues to ensure they provide best in class operation and safety, so that you can enjoy a great open water swimming experience.**

Beyond Swim accreditation is free of charge to Triathlon England affiliated clubs (if you offer open water swimming sessions to your members only).
